### *What You Missed In January*

*We had had a VCU student guest, Jake, attend our meeting for the first time and perform a card transposition where two cards changed places for our January theme "My Personal Favorite" using a glide and a color change.*

*Watt Hyer's "favorites" include Crazy Man's Handcuffs, Band-it and Jumper. Watt includes audience participation, funny by-play and add ons to the routines to make them even more exciting and gets attention wherever he performs these effects.*

*Mike Kinnaird performed B'Wave with the assistance of Jake. Jake chose one of four queens. The four cards were spread on the table; the only face-up card was the chosen queen. Then he turned it over and its back was a different color from the other cards. Then he turned over the other three cards and they were all blank!*

*Mike also did an effect with Lou Dean from "Scam School" thought to be called "The Easiest Card Trick Ever".*

*Larry Rohr did an effect by Tom Ransom, "Needle Through Balloon". He explained his techniques and fun ideas used to present his effect. He also showed us his Magic cane and his Cigarette Pull. Larry did a demonstration of "Ghost Key" using a very large key and then went into showing us his "Golden Wands". Finally, Larry performed his "Stiff Rope" routine (or "hypnotized" rope as he calls it) skit, complete with sound effects.*

*Joe Duck is assisted by Jake as he performs an effect by Shawn Farquhar called "Torn 2 Pieces". Jake signs a photo of "Hannah", Joe's "granddaughter". Joe then tears it up and restores it in a mis-made fashion and hands it to Jake as a souvenir.*

*Barry Mills did a new rope routine that he has been working on that was quite impressive from Tabary Rope Magic. A knot moves magically from one end to the other. Then the Rope separates at the knot, but that's "knot" all, the rope changes in length as well.*

*Andrew Clarke did an awesome performance of "Hopping Halves". Two coins are displayed, a silver half-dollar and*

*a copper English penny. Each time one of the coins is removed from the hand and placed in the pocket, it magically returns!*

*Al Cohen Lecture Photo's*
